

THE ISLA VISTA FOOD CO-OP

PRODUCE  DELI  BULK  GROCERY

WE'RE MORE THAN JUST A GROCERY STORE.

The Isla Vista Food Co-op is Santa Barbara County's only community-owned grocery store. The Co-op was founded 50 years ago by UCSB students and Isla Vistans who wanted to ensure that the community would always have access to locally sourced, high quality, and affordable food.

Anyone can invest in and become an owner of our co-op! You would receive special discounts and benefits, be able to vote in our elections, and have a say about our strategic direction. When you shop at the co-op, you take part in a business model that keeps money in your local community. Co-ops provide good jobs, support the local food shed, practice sustainability, and provide space for the community to gather. The Co-op is community owned and a community resource for the residents of Isla Vista, Goleta, and Santa Barbara County.

When we thrive, we make sure our community thrives as well!
